

Expectations and Standards

7th Grade Science (rm101)

Mr. Clement

Period _____

Course Description:

This is a science course designed to prepare our students to explain, both accurately and with appropriate depth, the most important ideas about our physical setting and our living environment. In this course you will use scientific inquiry to develop explanations of natural phenomena through lab work.

Grade Standards:

- Tests- 30%
- Labs- 25%
- HW and classwork- 25%
- Participation- 20% (observed daily)

Classroom Academic Expectations:

- On time to class (plan to go to bathroom before class)
- Prepared for class each day (Laptops, Pencil/Pens, Book, Paper)
- Actively participate in daily lectures and lab activities

Classroom Behavioral Expectations:

- No food or beverage in classroom
- Follow classroom rules as discussed in the beginning of the year
- First intervention will be to contact parent
