

Positives		Contacts: Testing at day 5 recommended for all.
5 Day Isolation / Quarantine	<p>General population:</p> <ol style="list-style-type: none"> <li>1. Day 0 is symptom onset or test day if asymptomatic</li> <li>2. If asymptomatic at the end of day 5 or if symptoms are resolving, isolation ends</li> <li>3. Must wear well-fitted mask around others for 5 more days</li> </ol>	<ul style="list-style-type: none"> <li>• Unvaccinated</li> <li>• Only had 1 dose of Pfizer/Moderna</li> <li>• Fully vaccinated who have <b>not</b> been boosted but are eligible for booster (Had J&amp;J more than 2 months ago, 2nd Moderna more than 6 months ago, 2nd Pfizer more than 5 months ago)</li> <li>• Must wear a mask through 10 days</li> <li>• School students and employees who are quarantined may still attend school during their quarantine if asymptomatic. Test to stay applies for unvaccinated. Fully vaccinated but not yet boosted may attend without getting tested.</li> </ul>
10 Day Isolation / Quarantine	<ol style="list-style-type: none"> <li>1. If moderately to severely immunocompromised, must stay isolated for 10 days</li> <li>2. If unable to wear a well-fitted mask through 10 days, must stay isolated for 10</li> </ol>	
No Isolation / Quarantine	Anyone who has tested positive within 90 days.	<p>Anyone who has tested positive within 90 days is exempt. Asymptomatic of the following:</p> <ol style="list-style-type: none"> <li>1. Boosted individuals</li> <li>2. Had 2nd dose of Moderna less than 6 months ago</li> <li>3. Had 2nd dose of Pfizer less than 5 months ago</li> <li>4. Had J&amp;J less than 2 months ago</li> <li>5. Must wear well-fitting mask around others for 10 days</li> </ol> <p>If symptoms appear, quarantine and seek testing. In this situation, quarantine would end when the test is negative.</p>
