SUBJECT: PUBLIC COMPLAINTS

Complaints by citizens regarding any facet of the school operation often can be handled more satisfactorily by the administrative officer in charge of the unit closest to the source of the complaint. In most instances, therefore, complaints will be made to the building principal and/or his/her assistant if the matter cannot be resolved by the teacher, coach, or other school employee.

If the complaint and related concerns are not resolved at this level to the satisfaction of the complainant, the complaint may be carried to the Superintendent and/or one of his/her assistants. Unresolved complaints at the building level must be reported to the Superintendent by the building principal. The Superintendent may require the statement of the complainant in writing.

If the complaint and related concerns are not resolved at the Superintendent level to the satisfaction of the complainant, the complaint may be carried to the Board of Education. Unresolved complaints at the Superintendent level must be reported to the Board of Education by the Superintendent. The Board of Education reserves the right to require prior written reports from appropriate parties. The Board of Education reserves the right to determine if and for how long a person may speak at a Board meeting.

Typically, the Board of Education will only officially hear complaints after they have gone through the appropriate chain of command or upon request of the Superintendent. Per district policy and state guidelines, the Board of Education may or may not elect to hear public comment on an issue and the Board may limit the amount of time for public comment as they see fit. Requests to speak before the Board of Education or requests for Board of Education review should be forwarded to the District Clerk at least one (1) week prior to a scheduled Board of Education Meeting. SUBJECT: SOLICITATION OF CHARITABLE DONATIONS FROM SCHOOL CHILDREN

Direct solicitation of charitable donations from children in the District schools on school property during regular school hours shall not be permitted. It will be a violation of District policy to ask District school children directly to contribute money or goods for the benefit of a charity during the hours in which District students are compelled to be on school premises.

However, this policy does not prevent the following types of fund raising activities:

- a) Fund raising activities which take place off school premises, or outside of regular school hours during before-school or after-school extracurricular periods;
- b) Arms-length transactions, where the purchaser receives a consideration for his/her donation. For example, the sale of goods or tickets for concerts or social events, where the proceeds go to charity, shall not be prohibited as the purchaser will receive consideration - the concert or social event - for the funds expended;
- c) Indirect forms of charitable solicitation on school premises that do not involve coercion, such as placing a bin or collection box in a hallway or other common area for the donation of food, clothing, other goods or money. However, collection of charitable contributions of food, clothing, other goods or funds from students in the classroom or homeroom is prohibited.

The Board of Education shall ultimately decide which organizations, groups, etc. can solicit charitable donations and for what purposes, as long as the activities comply with the terms of this policy and the Rules of the Board of Regents.

Regulations shall be developed by the administration to implement this policy.

(NCLB REQUIREMENT)

Charges

All organizations that qualify to use school facilities may be charged pre-established rates. The Business Manager will, on or before July 1 of each year, compute costs involved in the maintenance of school facilities and the Superintendent will establish a fee for each facility, including use of equipment in and outside of the building. These rates may be adjusted during the school year if the Business Manager determines that costs have changed sufficiently to warrant such an adjustment. A surcharge will be administered to individuals or groups who reside outside of the Prattsburgh Central School District.

Special Charges

Special charges may be necessary if conditions warrant the need for extraordinary maintenance, custodial, or supervisory services, for example:

Adjustments

The Superintendent may adjust total costs for the use of school facilities by community groups on occasions when more than one group shares the use of the school building. Use of Equipment Inside the Building

At the discretion of the Superintendent, a charge may be made for the services of an operator, at the regular hourly-established rate, when any school equipment is to be used in connection with the program.

The School District is committed to the prevention of violence against any individual or property in the schools or at school activities whether such acts and/or threats of violence are made by students, staff, or others. Threats of violence against students, school personnel and/or school property will not be tolerated whether or not such threats occur on school grounds or during the school day.

Any acts and/or threats of violence, including bomb threats, whether made orally, in writing, or by e-mail, shall be subject to appropriate discipline in accordance with applicable law, District policies and regulations, as well as the *Code of Conduct for the Maintenance of Order on School Property* and collective bargaining agreements, as may be necessary.

While acknowledging an individual's constitutional rights, including applicable due process rights, the District refuses to condone acts and/or threats of violence which threaten the safety and well being of staff, students and the school environment. Employees and students shall refrain from engaging threats or physical actions which create a safety hazard for others.

All staff who are made aware of physical acts and/or threats of violence directed to students or staff are to report such incidents to the building principal/designee, who shall report such occurrences to the Superintendent. Additionally, the building principal/designee will also report occurrences of violence, whether involving an actual confrontation or threat of potential violence, to the school psychologist and/or Director of Special Education if applicable. Local law enforcement agencies may be called as necessary upon the determination of the Superintendent/designee.

Students are to report all acts and/or threats of violence, including threats of suicide, of which they are aware by reporting such incidents to a faculty member or the building principal.

The District reserves the right to seek restitution, in accordance with law, from the parent/guardian and/or student for any costs or damages which had been incurred by the District as a result of the threats or acts of violence in the schools.

This policy will be enforced in accordance with applicable laws and regulations, as well as collective bargaining agreements and the *Code of Conduct* as may be necessary. Additionally, this policy will be disseminated, as appropriate, to students, staff, and parents and will be available to the general public upon request.

Regulations will be developed to address safety concerns in the schools, and appropriate sanctions for violations of this policy by students will be addressed in the *Code of Conduct*.

SUBJECT: ANTI-HARASSMENT IN THE SCHOOL DISTRICT

The Board of Education affirms its commitment to nondiscrimination and recognizes its responsibility to provide an environment that is free of harassment and intimidation. Harassment is a violation of law and stands in direct opposition to District policy. Therefore, the Board prohibits and condemns all forms of harassment on the basis of race, color, creed, religion, national origin, political affiliation, sex, sexual orientation, age, marital or veteran status, disability or use of a recognized guide dog, hearing dog, or service dog by employees, school volunteers, students, and non-employees such as contractors and vendors as well as any third parties who are participating in, observing, or otherwise engaging in activities subject to the supervision and control of the District.

Sexual orientation is defined as heterosexuality, homosexuality, bisexuality, or asexuality, whether actual or perceived.

The Board also prohibits harassment based on an individual's opposition to discrimination or participation in a related investigation or complaint proceeding under the anti-discrimination statutes. This policy of nondiscrimination and anti-harassment will be enforced on School District premises and in school buildings; and at all school-sponsored events, programs and activities, including those that take place at locations off school premises.

It is intended that this policy apply to the dealings between or among employees with employees; employees with students; students with students; employees/students with vendors/contractors and others who do business with the School District, as well as school volunteers, visitors, guests and other third parties. All of these persons are hereinafter referred to collectively as "the named group."

For purposes of this policy, harassment shall mean communication (verbal, written or graphic) and/or physical conduct based on an individual's actual or perceived race, color, creed, religion, national origin, political affiliation, sex, sexual orientation, age, marital status, military status, veteran status, disability or use of a recognized guide dog, hearing dog, or service dog that:

- a) Has the purpose or effect of substantially or unreasonably interfering with an individual's work performance or is used as a basis for employment decisions (including terms and conditions of employment) affecting such individual; and/or creates an intimidating, hostile or offensive work environment;
- b) Has the purpose or effect of substantially or unreasonably interfering with a student's academic performance or participation in an educational or extracurricular activity, or creates an intimidating, hostile or offensive learning environment; and/or effectively bars the student's access to an educational opportunity or benefit;
- c) Otherwise adversely affects the employment and/or educational opportunities and benefits provided by the District.

SUBJECT: ANTI-HARASSMENT IN THE SCHOOL DISTRICT (Cont'd.)

The School District will act to promptly investigate all complaints, either verbal or written, formal or informal, of allegations of harassment based on any of the characteristics described above; and will promptly take appropriate action to protect individuals from further harassment. The District will designate, at a minimum, two (2) Complaint Officers, one (1) of each gender.

In order for the Board to enforce this policy, and to take corrective measures as may be necessary, it is essential that any employee, student, or other member of the above named group who believes he/she has been a victim of harassment in the school environment and/or at programs, activities and events under the control and supervision of the District, as well as any individual who is aware of and/or who has knowledge of, or witnesses any possible occurrence of harassment, immediately report such alleged harassment; such report shall be directed to or forwarded to the District's designated Complaint Officer(s) through informal and/or formal complaint procedures as developed by the District. Such complaints are recommended to be in writing, although verbal complaints of alleged harassment will also be promptly investigated in accordance with the terms of this policy. In the event that the Complaint Officer is the alleged offender, the report will be directed to the next level of supervisory authority.

Upon receipt of an informal/formal complaint (even an anonymous complaint), the District will conduct a thorough investigation of the charges. However, even in the absence of an informal/formal complaint, if the District has knowledge of any occurrence of harassment, the District will investigate such conduct promptly and thoroughly. To the extent possible, within legal constraints, all complaints will be treated as confidentially and privately as possible. However, disclosure may be necessary to complete a thorough investigation of the charges and/or to notify law enforcement officials as warranted, and any disclosure will be provided on a "need to know" basis.

Based upon the results of this investigation, if the District determines that an employee and/or student has violated the terms of this policy and/or accompanying regulations, immediate corrective action will be taken as warranted. Should the offending individual be a student, appropriate disciplinary measures will be applied, up to and including suspension, in accordance with applicable laws and/or regulations, District policy and regulation, and the District Code of Conduct. Should the offending individual be a school employee, appropriate disciplinary measures will be applied, up to and including termination of the offender's employment, in accordance with legal guidelines, District policy and regulation, and the applicable collective bargaining agreement(s). Third parties (such as school volunteers, vendors, etc.) who are found to have violated this policy and/or accompanying regulations and/or the Code of Conduct, will be subject to appropriate sanctions as warranted and in compliance with law. The application of such disciplinary measures by the District does not preclude the filing of civil and/or criminal charges as may be warranted.

Prohibition of Retaliatory Behavior

The Board prohibits any retaliatory behavior directed against complainants, victims, witnesses, and/or any other individuals who participated in the investigation of a complaint of harassment.

(Continued)

SUBJECT: ANTI-HARASSMENT IN THE SCHOOL DISTRICT (Cont'd.)

Follow-up inquiries shall be made to ensure that harassment has not resumed and that all those involved in the investigation of the harassment complaint have not suffered retaliation.

Finding That Harassment Did Not Occur

At any level/stage of investigation of alleged harassment, if a determination is made that harassment did not occur, the Complaint Officer will so notify the complainant, the alleged offender and the Superintendent of this determination. Such a finding does not preclude the complainant from filing an appeal pursuant to District policy or regulation and/or pursuing other legal avenues of recourse.

However, even if a determination is made that harassment did not occur, the Superintendent/designee reserves the right to initiate staff awareness and training, as applicable, to help ensure that the school community is not conducive to fostering harassment in the workplace.

In all cases, the Superintendent will inform the Board of Education of the results of each investigation involving a finding that harassment did not occur.

Knowingly Makes False Accusations

Employees and/or students who *knowingly* make false accusations against another individual as to allegations of harassment may also face appropriate disciplinary action.

Privacy Rights

As part of any investigation, the District has the right to search all school property and equipment including District computers. Rooms, desks, cabinets, lockers, computers, etc. are provided by the District for the use of staff and students, but the users do not have exclusive use of these locations or equipment and should not expect that materials stored therein will be private.

Development and Dissemination of Administrative Regulations

Regulations will be developed for reporting, investigating, and remedying allegations of harassment based on the characteristics described above. An appeal procedure will also be provided to address any unresolved complaints and/or unsatisfactory prior determinations by the applicable Complaint Officer(s). Such regulations will be developed in accordance with federal and state law as well as any applicable collective bargaining agreement(s).

The Superintendent/designee(s) will affirmatively discuss the topic of harassment with all employees and students, express the District's condemnation of such conduct, and explain the sanctions for such harassment. Appropriate training and/or "awareness" programs will be established for staff and students to help ensure knowledge of and familiarity with the issues pertaining to harassment in the schools, and to disseminate preventative measures to help reduce such incidents of

prohibited conduct. Furthermore, special training will be provided for designated supervisors and managerial employees, as may be necessary, for the investigation of harassment complaints.

A copy of this policy and its accompanying regulations will be available upon request and may be posted at various locations in each school building. The District's policy and regulations on anti-harassment will be published in appropriate school publications such as teacher/employee handbooks, student handbooks, and/or school calendars.

This policy should not be read to abrogate other District policies and/or regulations or the District Code of Conduct prohibiting other forms of unlawful discrimination, inappropriate behavior, and/or hate crimes within this District. It is the intent of the District that all such policies and/or regulations be read consistently to provide the highest level of protection from unlawful discrimination in the provision of employment/educational services and opportunities. However, different treatment of any member of the above named group which has a legitimate, legal and nondiscriminatory reason shall not be considered a violation of District policy.

SUBJECT: UNIFORM VIOLENT AND DISRUPTIVE INCIDENT SYSTEM

In compliance with the Uniform Violent and Disruptive Incident System, the District will record each violent or disruptive incident that occurs on school property or at a school function. School property shall mean in or within any building, structure, athletic playing field, playground, parking lot or land contained within the real property boundary line of a public elementary or secondary school; or in or on a school bus as defined in Vehicle and Traffic Law Section 142. A school function shall mean a school-sponsored or school-authorized extracurricular event or activity regardless of where such event or activity takes place, including any event or activity that may take place in another state.

In accordance with the manner prescribed, the District will submit an annual report of violent and disruptive incidents (on the *Summary of Violent and Disruptive Incidents* form) from the previous school year to the Commissioner of Education. Summary data will be used to determine the rate of violent and disruptive incidents in each school and to identify schools as persistently dangerous, as required by the No Child Left Behind Act.

The District will utilize the *Individual Violent or Disruptive Incident Report* form for the reporting of individual incidents by each building and/or program under its jurisdiction and for the tally count of incidents into the Summary Form. Copies of such incident reports will be retained for the time prescribed by the Commissioner in the applicable records retention schedule. These reports will be available for inspection by the State Education Department upon request.

All personally identifiable information included in a violent or disruptive incident report will be confidential and will not be disclosed to any person for any purpose other than that specified in Section 2802 of the Education Law, except as otherwise authorized by law.

The District will include a summary of the District's annual violent or disruptive incident report in its School District Report Card in the format prescribed by the Commissioner.
